### **OFFICIAL ACTION**

#### **Preliminary Comments**

##### **Claim Objections**

Claim 7 has been objected to for an alleged typographical error. However, claim 7 contains no typographical error, the term ITDMA is used correctly. Applicants respectfully request the Examiner to refer to page 4 line 19 to page 5 line 6 for support of an example of ITDMA. Accordingly, reconsideration and withdraw of this objection is respectfully requested.

#### **Claim Rejection - 35 U.S.C. § 112, second paragraph**

Claims 5-6 have been rejected for allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicants have amended claims 5-6 to address informal issues and to enhance clarity. As such, Applicants respectfully submit that claims 5-6 particularly point out and distinctly claim the subject matter which applicant regards as the invention. Therefore, it is respectfully requested that the outstanding rejection be withdrawn.

Conclusion

All claims are either previously allowed, allowable based on remarks, amended to allowable format, or dependent upon an allowable claim, or canceled. Thus, claims 1-7 are allowable.

In view of the above remarks and amendments, it is believed that the pending application is in condition for allowance.

Applicants respectfully request that the pending application be allowed.
